Profile connector, vertical

Item number: 6288050

Vertical profile connector with guide slits to lock convection grid profiles for the creation of a compact grid unit. The vertical convection grids can run some way down the front side of the trunking, although a gap should be left near the floor for cleaning, or should be run to the floor and fastened with the BVL floor panel. This version represents a variant of the convector panelling. Alternatively to the convection grid profiles, heating convector panelling can also be created with closed sheet steel panelling. The mesh slats are simply attached to the slat holder.

PP Polypropylene

Master data

Item number	6288050
Type	PVV N2 600
Description 1	Profile connector
Description 2	vertical for bracket BKN
Manufacturer	OBO
Dimension	32x34x600
Material	Polypropylene
Smallest sales unit	1
Unit of quantity	Piece
Weight	36 kg
Weight unit	kg/100 pc.

Technical data sheet

Profile connector, vertical

Item number: 6288050

Dimensions

Length	600 mm
Width	32 mm
Height	34 mm
Dimension h	600 mm

Technical data

Number of profiles	24
installation position	Vertical
Halogen-free	yes
